No.TC-I/2020/108/efile/1

New Delhi, dt.02.11.2020

Pr. Chief Commercial Manager
SECR

Sub: Electronic Static Weighbridge at Sidings of Bhilai Steel Plant
Ref: SECR's letter No.C/SECR/BSP/Statics WB/Pt.-I/3328 dt.28.09.2020

Please refer to SECR's letter under reference wherein it is mentioned that Bhilai Steel Plant has installed Six(6) Electronic Static Weighbridges certified by Legal Metrology Deptt. of State Government of Chhattisgarh and these weighbridges are linked to their SAP server for electronic transmission of weight details. BSPC/SAIL is willing to connect these weighbridges with FOIS for sharing of weighment details. Further, BSPC/SAIL has mentioned that no additional free time will be required for weighment purpose.

The matter has been examined and it has been decided that the sidings of Bhilai Steel Plant may be exempted from the requirement of installing EIMWBs. Integration of the above-mentioned Electronic Static Weighbridges with FOIS should be expedited.

CRIS/FOIS should take necessary action for integration of these Electronic Static Weighbridges with FOIS for transmission of weighment details without any manual intervention for preparation of RR through TMS.

This issues in consultation with Traffic Transportation & Mechanical Directorates and with the concurrence of Finance Directorate of Ministry of Railways.
